SUBJECT: SEPARATE LOT DETERMINATION
TMK:(2) 3-5-001:022

Dear Ms. De Porter:

This is in reply to your letter with enclosures dated April 21, 2005, requesting a separate lot determination for the subject parcel and a subsequent submittal of additional documents we received on July 6, 2005..

We reviewed the documents you submitted and researched our subdivision records and real property tax records. Our research revealed the following:

- ▶ A subdivision map entitled "IAO TRACT" prepared by M.R. Souza dated July 4, 1945, created Lots A, B, C, D, and a 25-foot wide road. A print of this map is enclosed for your information.
- ▶ Liber 2024, Page 107, dated March 24, 1947, and recorded on March 26, 1947, conveyed Lot C of the "IAO TRACT" from Richard Toshimi Uno to Jack Leslie Long.
- ▶ Liber 2038, Page 329, dated May 15, 1947, and recorded on May 26, 1947, conveyed Lots B and D of the "IAO TRACT" from Richard Toshimi Uno to Jack Leslie Long.

We did not find any record of a consolidation being approved by the County for Lots B, C, and D of the "IAO TRACT".

Based upon the foregoing information, we recognize that there are three (3) separate lots within TMK:(2) 3-2-015:022:
